We call attention to an article headed "Solving the Coke Problem."

A GREAT many Republican Congressmen are in favor of the total repeal of the Internal Revenue Laws.

And a great many Democratic Congressmen are opposed to the total repeal of the Internal Revenue Laws.

The CHRONICLE is with the party of the first part.

SENATORS BROWN, Voorhees, and Vest, and other Democratic Senators, are violently opposing any reform in the civil service. They say that the Democrats want the offices, and that if there are no offices to be filled there will be no Democrats.

Whereupon the Philadelphia Times (Ind. Dem.) thinks that "a few more Bourbons of the Brown-Voorhees-Vest stripe will render a Democratic candidate for the next Presidential contest entirely unnecessary."

A DISPATCH from Washington says that a movement is on foot to annex Guatemala to the United States.

The United States do not want Guatemala. It is a volcanic land where there is either a popular earthquake, or a volcanic eruption of the revolutionists, every three months.

We would have a Guatemalan rebellion on hand in less than six months after annexation.

Gentlemen of Guatemala, please excuse us, this time. Call again about 1890 and we may be able to accommodate you.

THE Knoxville and Ohio road and its Kentucky connections will soon be completed. This will give us direct communication with St. Louis, Louisville, Chicago, Cincinnati, Pittsburgh and Buffalo.

The new road will monopolize all the freight and passenger business between Knoxville and the cities named above. This will force Cincinnati to construct the Emory Gap connection in order to participate in this business.

And thus all things are moving on well for Knoxville. Coke made, the royalty on coal to be reduced, two new roads to the North, Northeast and Northwest.

The next move will be on the Augusta road.

GUATEMALA
Will Apply for Admission to the United States.

WASHINGTON, December 24.—It is reported that a member of the foreign relations committee said today that the Junta of Guatemala would soon pass a resolution asking permission to become one of the States of the United States. It was understood that Barrios, the President of Guatemala, when he was here last summer, had only one object in view, and that was to get the United States to assist in the settlement of the vexed boundary dispute between Mexico and Guatemala. It is now said, however, that the main purpose of his visit was to sound the Administration and leading American statesmen with respect to the question of admitting Guatemala into the Federal Union. A leading member of the House is reported as saying today that he will favor the proposition if it comes before Congress.

SOLVING THE COKE PROBLEM.

A Split of Concord Springing Up.
Capt. Hooney is still prosecuting his experiments on the coking qualities of the Coal Creek coal. (The Captain is a thoroughly competent man, and will exhaust the subject.)

He reports most favorably, and, though cautious in his statements, it is evident that he is satisfied with the results.

As already stated in the CHRONICLE, Prof. Colton is confident that good coke can be made at Coal Creek; and his opinion is worth a great deal.

We are also authorized to say that the Coal Creek Mining and Manufacturing Company will very materially reduce their royalty in favor of any enterprise that will create a demand for large quantities of coal. We are glad to be able to make this announcement. A disposition seems to be springing up all around to unite all of our energies, in an effort to build up this part of East Tennessee.

This is the spirit that will enrich us all. Our coal and iron mines are practically inexhaustible; and the owners can better afford to sell large quantities at low rates than to sell small quantities at high rates.

We believe we see signs of a coming together. The developments made by Captain Hooney are all important. Prof. Colton is spreading the news wherever he goes. The CHRONICLE will carry the glad tidings all over the United States; and the result cannot be other than an era of increased prosperity.

J. O. Hirschberg, Memphis, says: "I experienced the most beneficial results from the use of two bottles of Brown's Iron Bitters."

NEWS

BY TELEGRAPH, RAILROAD, STAGE AND HORSEBACK.

Opelika's Christmas.

MONTGOMERY, Ala., December 25.—Christmas passed off quietly. Exaggerated rumors prevailed to-day of trouble at Opelika and Governor O'Neal, who had gone to Mobile to spend a few days with his relatives, was called back by a telegram from the commissioners appointed to take charge of municipal affairs in the place of the old authorities, removed by an act of the Legislature, vacating the charter. The commissioners called on Dunbar, the old mayor, to give possession of the city property. This he refused to do, and apprehending trouble from this refusal he called the Governor back. So far no violence is reported and no troops have been ordered to the scene of the trouble. Troops will be so ordered if an emergency demands it. The sheriff of Lee County has been ordered to summon a sufficient force to sustain the commissioners, who are the legal authorities at Opelika to preserve the peace. The trouble is caused by only a few men, the great body of citizens being anxious to see the commissioners in full control, but they are loth to resort to desperate measures. The State authorities are determined to sustain the commissioners and enforce the law.

A fire at Greenville to-day destroyed two store houses. The loss is small.

Cards and Whisky Kill Two Men, and Will Hang a Third.

ATLANTA, Ga., Dec. 23.—This afternoon about three o'clock, Will Smith of Jasper, and Jos. Banks, of this county, went into a bar-room at Covington, Ga., where a quarrel arose about cards and a scuffle ensued. Smith was pressing it while Banks was declining. Smith, with a large navy six shooter, shot Banks through the body, he staggered and fell in the next door and expired. The murderer ran and was pursued by white and colored men, and when overtaken, Alexander Hicks, colored, with a rock in his hand, ordered him to stop, he was turned upon by the murder and shot through the body. He fell. Then another pursuer fired at Smith, putting a ball through his hat. Sheriff Anderson with a posse came up, and when about one mile distant, Smith, when about one mile distant, Smith was seen to hide himself behind a pile of brush. Anderson was told of his position, and, riding up, he demanded Smith's surrender at the peril of his life. He was taken by the sheriff. When the officer with Smith arrived in town the scene was indescribable. A yell was raised, and the crowd ran to meet them, crying out "kill him," "let's hang him!" Smith was taken to the jail, and it was with difficulty that Smith could pass through the street to the jail. The excitement is still high. A strong guard is on duty, and the law will be executed.

Railroad Collision in Virginia—Five Men Killed.

RICHMOND, Va., December 25.—A collision of trains occurred last night at eight minutes after midnight on the Chesapeake and Ohio Railroad, by which five men were killed and two wounded. It appears that the west-bound express train, which left Richmond at 4 p. m., yesterday, after passing Melburn station about three minutes, going at the rate of 35 miles an hour, was run into by a freight train, which was running on the passenger train's time, causing the casualties above mentioned, and badly wrecking both engines and baggage cars. The killed were Chris. C. Leach, engineer of the passenger train; John W. Alsap, baggage master; L. L. Loveing, J. E. O'Neil, fireman, and Geo. E. Nettler, brakeman of the passenger train. The wounded are E. H. Hoguehead, express messenger, and J. W. Hockworth, passenger, of Melton, West Virginia; both slightly. The cause, as stated, was the freight train being thirty-five minutes behind and running on the express train's time. The conductor of the freight train claims that his watch was over half an hour slow.

Christmas Amusements in "Old Virginia."

PETERSBURG, Va., December 25.—Christmas was observed here to-day, all the stores, public buildings and public and private schools being closed, and appropriate services being held in the Episcopal Churches. Drunkenness and disorder on the streets were more prevalent than for years. During a street fight, this afternoon, between a number of whites and negroes, pistols were drawn and one or two shots were exchanged. John S. Cook, a well known citizen, while passing the vicinity of the fight, was shot through the thigh and painfully wounded. Some policemen, in trying to quell the disturbance, were knocked down and clubbed. Several other fights occurred on the streets to-night. A number of arrests were made during the day. The mayor and police force are in the streets endeavoring to prevent further breaches of the peace.

Florida Drained.

JACKSONVILLE, Fla., Dec. 25. A special dispatch says a dredge of Okechee drainage Co. working up the Okechee river, entered lake Okechee on the 20th. This opens a navigable channel from the heart of Everglades to the Gulf of Mexico, and is an important event in the history of Florida, as it opens up extremely rich sugar lands.

Riot in Dublin.

DUBLIN, December 26.—A riot occurred in Denmark street, this city, on Sunday night between the soldiers and civilians. The latter attacked the military and a fierce fight ensued. The soldiers were badly handled, owing to the numerical superiority of their assailants. The police eventually quelled the disorder.

LONDON, December 26.—A serious riot occurred Sunday among the soldiers belonging to Emmet Keller's Buffs, stationed in Canterbury. Nearly 200 men fiercely engaged for an hour, using their belts and bayonets, and many were injured. The men were finally confined in the barracks.

Austria Unpopular in Rome.

ROME, December 26.—The renewal of demonstrations which followed the hanging of E. Merdank is reported. It was necessary to surround the Austrian consulate in Terrin, with troops to protect it from the mob who had gathered in the vicinity crying, "down with Austria."

LONDON, December 26.—A Times correspondent at Rome, referring to the demonstrations growing out of the execution at Trieste, of Oudank, says: "The language of intransigent press is growing atrocious. Lign Diella Deocacia expresses a hope that the Emperor of Austria will be choked in blood."

Readjusters Get their Pay at Last.

PETERSBURG, Va., December 25.—The city officers appointed by the Readjuster council, on July 1st, last, and who have been on duty ever since without drawing a cent of salary, were paid off to-day in full to December 1st, the amount requiring \$10,000. The city officers appointed by the Funder council on June the 25th, and declared by the Court of Appeals illegally elected, and who also have served since July 1st, will meet to-morrow night to frame a petition asking the city council to pay them for services rendered as they are in absolute want.

A Murderer Suihides.

PETERSBURG, Va., December 26.—In Prince George County, Saturday night, Samuel Rives, who is highly connected, became involved in a quarrel with his cousin, Wm. Rives, when a colored man named Parker endeavored to restore peace between the parties, which so enraged Samuel Rives that he shot the negro through the lungs, killing him instantly. Rives then shot himself, blowing his whole head off. The murderer and suicide was a nephew of Dr. Geo. Rives, ex-member of the Virginia Legislature.

A Roustabout Shoots One Man and Drowns Another.

MEMPHIS, Tenn., December 25.—S. S. Lowery, one of the upper coast packet, "Fulton," was shot and mortally wounded this afternoon, about 5 o'clock, by a negro roustabout, named Oscar Martin. After the shooting, Martin, in attempting to get into the hold of the steamer, knocked overboard a negro named Wm. Underwood, who was drowned. Martin was arrested by the crew and brought here to-night at 8 o'clock, and lodged in jail.

Don't Give Texas Out! She's Bound to be in.

GALVESTON, Tex., December 25.—A special from Honey Grove to the News says: At Ladonia, Tex., this morning, William Vaughan shot and mortally wounded two brothers named Boone, great grandsons of Daniel Boone, of Kentucky fame. The tragedy was the result of some trivial dispute. About one hundred men are in pursuit of the murderer.

Man Shot in Penn's State.

PITTSBURG, Pa., December 25.—In the course of a personal altercation at Uniontown, Pennsylvania, yesterday, A. C. Nutt, cashier of the Pennsylvania State Treasury, was shot and instantly killed by T. L. Dukes, a member elect of the State Legislature.

Christmas at Atlanta.

ATLANTA, Ga., December 25.—In an altercation here this morning Henry Johnson shot and killed Hugh Mathes Booth, colored.

At Palmetto to-day John Thomas shot and killed Lansey Weaver in a drunken row.

Westgate Not the Man.

DUBLIN, December 26.—Westgate was arraigned in the police court to-day and discharged. Murphy, the Crown's counsel, stating that the authorities were satisfied he could have had nothing to do with the murders in Phoenix Park.

PULASKI.

The People's National Bank Destroyed by Fire.

PULASKI, December 24.—A fire broke out here this morning about 4 o'clock, in the second story of the People's National Bank, and destroyed the bank building, which was the handsomest in the city. The Herald of the street, destroyed, and Mr. J. D. Andrews, the editor and proprietor, had his hands badly burned in trying to save his books. Mr. Andrews' loss is not more than half covered by insurance, and he has the sympathy of the entire community. The loss to the bank is \$8,000 with \$4,000 of insurance. The cause of the fire is unknown.

J. W. Norvell, Bristol, Tenn., says: "I can heartily recommend Brown's Iron Bitters for dyspepsia and general debility."

Death of Hon. William B. Wisner.

SHREVEPORT, December 24.—Hon. William B. Wisner died this morning at 4 o'clock.

Horses, Cattle and Chickens.

For colic and grubs, for lung fever, cough or hide-bout, I give Simmons Liver Regulator (liquid) in one ounce doses; or, one teaspoonful of the powder in a mash twice a day. You can recommend it to every one having stock as the best medicine known for the above complaints. In using it with my chickens, for cholera, I mix it with the dough and feed it to them once a day. By this treatment I have lost none where the Regulator was given promptly and regularly.

E. T. TAYLOR,
Agent for Grangers of Georgia.

Mr. Ben Gill and his brother Richard, from Allenburg, were out bird hunting one day last week, and Ben, fired, missing the bird, but hitting his brother, several shots taking effect in the face, one passed through the upper lip, and was caught by the young man in his mouth. Instead of dropping dead, as he was expected to, he was an affectionate brother would have done on such an occasion, Dick spit the shot out from his mouth and, killing the bird that Ben was after.—Clarksville Democrat.

Scotio, N. Y., Dec. 1, 1879.

I am the Pastor of the Baptist Church here, and an educated physician. I am not in practice, but am my sole family physician, and advise in many chronic cases. Over a year ago I recommended your Hop Bitters to my invalid wife, who has been under medical treatment of some of Albany's best physicians several years. She has become thoroughly cured of her various complicated diseases by their use. We both recommend them to our friends, many of whom have also been cured of their various ailments by them.

REV. E. R. WARREN.

The three Wilshire brothers, for whom a reward of \$800 is now standing for the diabolical murder of an old man named Byrd, in Mitchell County, N. C., were seen, it is said, a few days since in one of the mountains of Union County. They are all equipped for warfare.

OVER THE STATE.

A cheese factory is soon to be established at Allardt, Putnam county.

The control of the Rockwood Republican has passed back to D. M. Coffman.

The funding bond received \$40,000 of old bonds Saturday morning to be funded.

The "Hawkins County Telephone" is the name of a new paper just published at Rogersville. It is a new paper, but has no politics so far as we could see.

A new paper called The Statesman, has been started at Dandridge. It is about the size of one of Allardt's papers, and is long as any other paper.

A small boy called in a Chattanooga store presented the proverbial unloaded pistol at a colored man, who came in to trade, and as usual it went off, but, fortunately, the ball missed the man's head. The boy is a much wiser one.

The man Eady, who was one of the managers of the defunct Colored Birthday Association, of Chattanooga, got into a fight Saturday, with two colored men named Boyd and Brown, who were criticizing his position, and got a severe cut in the arm.

The Office furnace will be located on Clifton Creek, their property extending from the river to the E. T. V. & G. R. R. Railroad. A trial will be made to see if the furnace will be a success. The price paid was \$10,000, comparatively cheap, considering the advantages of the location. Chattanooga Commercial.

Chattanooga has in its vicinity possibly the largest and oldest building devoted to the retail business in the world. The structure is known to be over 200 years old, is built largely of solid rock, granite and limestone and is about fifteen hundred feet high, a mile wide and over fifty miles long. The storehouse is ridiculously small, compared with the size of the whole structure, although it was designed by the Master Architect of the world. The room devoted to selling goods is about 20 feet wide, its length is not precisely given but it is known to be half a mile at least. We refer to the grocery stand in the mouth of the cave under Lookout Mountain.—Commercial.

The Tennessee Trotting Horse Breeders' Association, of Columbia, was chartered last week, the incorporators being Maj. Will. Polk, Vanhook Polk, J. E. R. Carpenter, W. Kirby, Maj. Hancock's Brown and Geo. W. Polk, Jr. This company has been organized for the purpose of breeding trotting stock in Maury County. The noted horseman, who is the head of the stud, and they intend purchasing some of the best mares to be found in the country. They have leased 1,200 acres of the Ashwood farm for five years, some of the finest land in Maury County, and it contains all the improvements necessary for stock breeding. We understand that parties in Nashville expect to make stock. The capital stock will be \$50,000.

A strange incident happened to Mr. J. W. Snap, of Jasper, Tenn., while in Spartanburg, S. C., last Friday night. On that night about 12 o'clock he awakened his wife, who was with him, shouting at the top of his voice that her house was on fire. She jumped out of bed, but could see no light, and discovered that her husband was only dreaming, and finally perceived that there was nothing wrong. He said that he dreamed he was in Jasper, and that his house was burning. Nothing more was thought of it until they reached Chattanooga Thursday morning, when they were informed that there house caught fire on last Friday night at 12 o'clock, and came near being destroyed. Mr. Snap then reminded his wife of his dream. He is a gentleman of unquestioned veracity, and is not given to superstition. It is certainly a very strange occurrence.—Nashville Banner.

DISPERSED LUNGS ARE GREATLY ON AN INCREASE IN THIS COUNTRY.—The sudden changing of the weather has done much to give rise to Consumption. But there are thousands of cases who bring it on by their own imprudence—such as wearing damp clothing, and going from the warm room into the cold air, and checking the perspiration, which causes irritation of the lungs, and then matter or phlegm will collect, which nature will try to relieve by coughing it up, to prevent poisons from forming. If nature does not raise the matter with ease, and stop this inflammation, tubercles will soon form, and Consumption will soon follow. ALLER'S LUNG BALM will cure and prevent thousands of cases of Consumption if it is only taken in time.

Please Pass the Salt.

A real romance occurred lately in a hotel in Montreal. In the hotel the road agent of a respectable company boarded while in the city. In the same hotel an American young lady was domiciled. The lady was pleasant and accomplished. The young gentleman, at first, viewed the lady admiringly at a distance, but too timid to approach. Day by day his interest grew stronger. He had never spoken to her, nor she to him, and was so far as he was concerned, what he most earnestly desired, he might do. In this dilemma he applied to a friend for advice. "Do you eat at the same table?" asked the friend. "Yes," was the reply. "Then I would advise you the next time you dine to ask the lady to pass the salt." "All right," sighed the loverless hero. The following day intended to put his friend's advice into operation, but was most delightfully balked by the lady asking him "to please pass the salt." From that moment the ice was broken, but at last the lady asked for the gentleman's card, she was conversing with the gentleman at once handed the lady his business card, and the young man, in each other's company at concerts, operas, etc. At length this state of matters was brought to a crisis. The lady was about to return to the States, and the lover was perplexed and again applied to his friend for advice, who at once advised him to pop the question and thus settle anxiety. Day by day the question was becoming more and more pressing. The question was, "Will you marry me?" To this the gentleman at first demurred, as he had certain business matters to settle, but he then leaves them alone and writes to his employer resigning his position and leave the rest to her. He complied; they were married and went to the States, where the gentleman, it is learned, has been married a young widow, worth \$250,000. In a happy end, he did not forget the friend who advised him. He sent that gentleman a check for \$2,000 as a letter of thanks for his kind advice in enabling him to become a rich and happy man, and the possession of a handsome and loving woman. The gentleman who tendered the advice felt dubious as to the reality of the check, and did not present it at the bank for some days. At last he put the matter to the test, and was informed the money had been lying in the bank at his order for a number of days. And so the romance ended, to the satisfaction of all "arsons interested."—Canadian Paper.

Liquor dealers are alarmed at the enormous stock of whisky in bond, over 84,000,000 gallons, and will bring a great pressure to bear on Congress, for an extension of the bonded period for three years in indefinitely. But the longer it is extended the greater apparently will be the over-production and the accumulation of stock. It is said, by the way, that the American tax of 90 cents per gallon is lower than that collected by any other government where it is taxed, and the distilling interest is not at all strenuous for a reduction.
